Collection Overview

Vallejo City Unified School District Library collections are under continual development to support the school community's interests and needs. Materials include those that support the curriculum as well as those selected for pleasure reading.

Collection Management Organization

The librarian has the responsibility of developing and overseeing the collection. Budget, allocation, and purchase procedures are determined by Vallejo City Unified School District. The librarian will consult documents such as the California State Board of Education School Library Standards

<https://www.cde.ca.gov/be/st/Ss/documents/librarystandards.pdf>,

Vallejo City Unified School District curriculum guidelines and VCUSD policies when managing the collection. The librarian may deselect materials by processes including the CREW method and other methods.

When selecting new and replacement materials for the collection, the librarian will refer to a variety of sources. The sources include professional journals such as Voices of Youth Advocates, School Library Journal, Young Adult Library Services Association, Horn Book and Booklist, professional retrospective tools such as H.W. Wilson's Senior High Core Collection, catalogs of major children's libraries and expert opinions of librarians, field specialists, and educators. Priority will be given to those materials that are favorably reviewed in two or more selection aids. Generated lists of award nominees and winners are

consulted such as the California Young Readers Medal nominees, Newbery, Caldecott, and American Library Association “Best Of” lists.

Items not selected for the library would be those that received a negative professional review, textbooks, items of a sensational, violent, or inflammatory nature and items that, though useful to a user, are more appropriately held by another local library.
